Amparo Medical Technologies, Inc.

Medium Tack Self-Wound Hydrocolloid

Product Number 110029

Preliminary Data Sheet

Construction		US mil	mm
Adhesive:	100004 Hydrocolloid	10.0	0.25
Liner:	50006 66# White Polycoated Kraft Release Paper	4.8	0.12
	Total Construction Total:	14.8	0.38
Width:	9.25"		

Features & Benefits

Medium Tack

Flexible and conformable

No animal derived components

Sterilize by EB or Gamma

Tested in compliance with ISO 10993: Cytotoxicity, Sensitization and Irritation

Typical Physical Properties*

Adhesive Properties

Peel Adhesion	Test Method: PSTC-101F
Product 90° 12 in / min	
Substrate	**US Oz / in**
SS	80

Absorption	1" Diameter Sample
Product in Saline Solution	
Substrate	**% by weight / 24 hours**
Product	> 200%

Storage and Shelf Life

24 Months from date of manufacture when stored at 72°F (21°C), 25% relative humidity, out of direct sunlight, in original packaging.

*The information presented here is intended as background data to assist in product evaluation and verification. The product features, properties, characteristics, and performance data have been determined through sampling and testing during product manufacture. A material used in a particular application must be tested by the customer for suitability for the intended use, and the customer assumes all risk and liability whatsoever in connection therewith. This document will not form any part of ensuing sales contracts.
