

Preliminary Technical Information Sheet

3M™ Medical Specialty Tape

#1587 Two-in-One Gentle DC Tape (aka MSX-6674C)

Effective Date: February 2011

Supersedes all previous information sheets

Product Description:

#1587 is Differential Double-coated Synthetic rubber/Gentle acrylic adhesive tape designed for medical & retail lamination applications. The tape is supplied with a double-coated 62# Kraft paper release liner on the gentle acrylic adhesive side of the tape.

Features and Benefits:

- Two Adhesive Systems
- Gentle acrylic adhesive for skin adhesion
- Synthetic rubber adhesive for low surface energy (LSE) plastics
- No Natural Rubber Latex
- Medical and Retail Device Applications
- EtO and Gamma compatible

Prototype Composition:

Tape caliper, no liner	3 mils (0.08 mm) Synthetic rubber/Acrylic '2-in-One' DC Tape
Carrier	0.5 mils (0.01 mm) Transparent Polyester Film
Adhesives, Open (Face) Side Paper (Back) Side	Synthetic Rubber-based, designed for medical use Gentle Acrylic, developed for medical and surgical use
Release Liner	62 lb. Bleached Kraft paper, silicone release (3.5 mil/0.09 mm)

Prototype Properties¹:

Adhesion to Stainless Steel, SR Side Acr Side	129 oz/inch width (3.7 kg/25.4 mm width) 20 oz/inch width (0.6 kg/25.4 mm width)
Liner Release, Preliminary (Acr side)	8 gm/inch width (8 gm/25 mm)

¹ Properties listed based on very limited data and subject to change.

Prototype Roll Description: Tape supplied on 3-inch (76 mm) diameter cores.

Length	700 yards (640 m) ± 2% Maximum
Width	48 inch (122 cm) ± 1/32 in (1.0 mm)

Prototype Storage Conditions:

Product as supplied in original packaging will maintain stated test properties for a period to be determined when stored at a temperature between 50-80°F (10-27°C) and a relative humidity between 40-60 percent.

Please see reverse side for important product, safety and warranty information.

Product and Safety Information: User is solely responsible for determining the suitability of 3M samples and products for the intended use including any necessary safety or toxicity assessment. 3M will provide Material Safety Data Sheets and results of toxicity testing upon request. In every case before using any product in full scale production users should conduct their own tests to determine to their own satisfaction whether the product is of acceptable quality and is suitable for their particular purposes under their own operating conditions.

Notice: Nothing contained herein shall be construed to imply the nonexistence of any relevant patents or to constitute a permission, inducement or recommendations to practice any invention covered by any patent, without authority from the owners of this patent.

Warranty Information

All statements, technical information and recommendations herein are based on tests 3M believes to be reliable, but the accuracy or completeness thereof is not guaranteed. 3M warrants only that products will meet 3M's specifications at the time of shipment to the customer. 3M does not offer any other warranty and does not warrant the performance, safety or such other characteristics of Products in combination with other materials. 3M specifically DOES NOT warrant Products for any intended or unintended uses (whether or not foreseeable); for compatibility or suitability with other components or compatibility with any methods of manufacture or conversion. The foregoing warranty is made in lieu of all other warranties, expressed or implied, including the implied warranties of merchantability, fitness for a particular purpose and freedom from non-infringement.

Limitation of Remedies: If products are proven not to meet 3M's specifications, the sole and exclusive remedy available and 3M's only obligation shall be, at 3M's option, to replace such quantity of Products which are proven out of specification or to refund the purchase price paid for Products.

Limitations of Liabilities: The remedies provided herein are exclusive remedies against 3M for any alleged or actual nonconformance to specifications or defect or other failure in products or for 3M's performance of its supply obligations. Under no circumstances is 3M liable for any direct, indirect, incidental, special or consequential damages (including lost profits) in any way related to the product under any theory of law including, but not limited to, negligence and strict liability.
